SKILLS

Adobe Design Programs

Illustrator

Photoshop

InDesign

After Effects

Programming Skills

HTML

CSS/SCSS

Angular

JavaScript

I use my web development skills and design background to create websites and applications that are visually appealing and easy for users to figure out. I am always ready and willing to learn new skills to grow as a designer and developer.

EDUCATION

CALIFORNIA STATE UNIVERSITY, FRESNO

Aug 2014 - Present

- Graphic Design major
- Learned to use Adobe design programs including: Illustrator, Photoshop, InDesign, and After Effects
- Applied and accepted into the B.F.A. program

GEEKWISE ACADEMY

May 2017 - Present

- Learned several programming and development languages including: HTML & CSS/SCSS, JavaScript, and Angular

WORK EXPERIENCE

SHIFT3 TECHNOLOGIES

Aug 2018 - Present

- Designing marketing materials and various other visual materials (case studies, pitch decks, white papers, promotional images, etc.)
- Creating new web pages and redesigning currently existing pages (using mainly HTML, CSS/SCSS, and Wordpress)

GEEKWISE SOFTWARE DEVELOPMENT COHORT

Feb 2018 - August 2018

- Currently developing a customer relationship management application for local bank
- Working mostly with front-end languages (HTML, CSS, Angular, etc.)
- Gaining experience working with and effectively communicating with a development team
- Co-taught evening web development classes

PROJECTS

CREDIT UNION CRM

Feb 2018 - Present

- Currently in early stages of development
- Working mostly with front end (HTML, CSS/SCSS, Angular) and re-designing
